ALFALFA/TEFF GRASS HAY CUBES

Are now available! 35% Grass Hay Cubes!

Highlights of this cube are:

- Low Starch/Sugar – Excellent for laminitic type horses, metabolic or pre-Cushings
- Moderate Protein levels
- Effective Fiber content -A balance of fiber lengths to enhance digestibility while maintaining chew factor and gut motility.
- Made without a Binder – Easier to chew –no binding of minerals

The analysis for Teff Grass Hay is comparable to Timothy Hay, however it is more adaptable to the warm Sacramento growing region.

We have 4 types of hay cubes available:

Alfalfa Cubes

Alfalfa/Oat Hay Cubes

Alfalfa/Oat Hay/with 5% Ground Corn

Alfalfa/Teff Grass Hay Cubes
